PRAYER: God, Loving Creator and Source of all that we have, thank you for the many gifts you have given your people, our parishes and the Diocese of Scranton. Grant us the spirit of true Christian Stewardship so we may carry out Your Mission. Open our minds to the Gospel Message. Open our hearts to conversion. Open our hands that we might freely share the gifts you have bestowed upon us. May sorrow, conflict and poverty be diminished in our Diocese because we have responded in Christ-like love and generosity. Gracious God, send us your Spirit to accompany us on our Journey to Stewardship. We ask this in the name of our Lord and Savior Jesus Christ. Amen.

THE HIDDEN KING: THE JEWISH ROOTS OF ST. JOSEPH

Many books on Saint Joseph focus on apocryphal legends & private revelations. In this Bible Study, Dr. Brant Pitre focuses on what we can learn about Joseph from the Bible, ancient Jewish & Roman history, and the living Tradition of the Church. Although Joseph is silent in the pages of the New Testament, when looked at through ancient Jewish eyes, he stands with Jesus & Mary at the very center of salvation history:

- Joseph, the Hidden King of the Jews
- Joseph, threat to the Fake King Herod
- Why Herod Murdered his own Wife, Sons, & the Infants of Bethlehem
- Why Joseph Accepted Mary's Jewish Vow of Virginity
- How Joseph Hid the Virgin Birth from Satan
- Joseph's Relation to the "Brothers" of Jesus
- Apocryphal Legend of the Elderly Joseph
- The Biblical Age of Saint Joseph
- The Persecution of Joseph's Family
- Joseph, the earthly Shadow of Jesus' heavenly Father

If you already have a devotion to Joseph, or if you just want to understand what the Bible really teaches about the man who was closest to Jesus, join us for this Study **Sept. 17th, 24th & Oct. 1st after the 11:15am Mass** in Holy Child Hall.

HEALTH MINISTRY NOTES

Have you noticed the leaves starting to change color? Must mean fall is in the air! So how to remember some of those wonderful summer flavors? Stock your freezer with fruits and vegetables. Whether you get fresh just picked items from the local farmer's market or the freezer aisle at the supermarket you will find these items tasty and fresh as the weather turns colder. Frozen items are stored at their peak freshness without added salts or sugars. Freezing also locks in the foods nutrients which often gets lost during processing. If freezing your farmer's market finds remember to clean the produce well. Have a few leftover onions, celery stalks, carrots? Freeze them together and use as a flavorful addition to your dishes. By boiling the vegetables with meat juices you can make your own flavorful stock without all the unnecessary additives. How about a peach pie or blueberry cobbler or strawberry shortcake? Easy to make anytime with frozen ingredients. So enjoy but remember that even frozen foods do not last forever. A good rule of thumb is no longer than 6 months according to the USDA, and don't use freezer burnt foods as the quality and flavor will be in question.

OUR PARISH HEALTH MINISTRY NEEDS YOU!

NEXT MEETING: WEDNESDAY, OCTOBER 4TH, 10:30 AM

We meet the first Wednesday of the month at 10:30 am in Holy Child Hall. Our purpose is to meet the needs of the community by providing care visits, meals, medical equipment, education, and prayers by supporting the food pantries, the homeless initiative, Seeds of Hope, and other charities. Consider sharing your blessings by participating. Join us on October 4th. We need YOU!

Homeless Shelter volunteers contact Matt Neclerio by phone at 888-551-8845.

SPIRITUAL ADOPTION PROGRAM

LOOK AT ME GROW!!! I am now 24 days old, and here is my growth progress report. Please be sure to pray for me every day.

"Jesus, Mary and Joseph, I love you very much, I ask you to spare the lives of the unborn babies we have spiritually adopted who are in danger of abortion."

A new study shows that a baby's first heartbeat may occur as early as 16 days after conception, rather than the three weeks previously thought. The study is being considered a potentially vital breakthrough for treating congenital heart disease since researchers will be able to understand the initiation of the heart's function in the developing baby.

According to the University of Oxford, where the study was conducted:

In the study, published in the journal *eLife*, researchers looked at the developing mouse heart and found that the muscle started to contract as soon as it formed the cardiac crescent – an early stage in heart development. In mice, this crescent forms 7.5 days after conception, which is equivalent to day 16 in the human embryo. Previously, it was thought that the heart started to contract a stage later, when the heart appears as a linear tube.

Researchers hail this finding as crucial; twelve babies a day in the UK are born with congenital heart disease, and such knowledge of heart development could help medical professionals both treat these babies, as well as prevent heart attacks later in life.

PADRE PIO: MIRACLE MAN

This movie captures the Capuchin friar's intense faith, devotion, and deep spiritual concern for others, as well as his great compassion for the sick and suffering. It reveals the amazing details and events in Padre Pio's life as a boy and throughout his fifty years as a friar, dramatizing the frequent attacks from the devil, as well as the persecution he suffered at the hands of people, including those in the Church.

THE CALLING OF MATTHEW

Dr. Tim Gray provides an extended analysis of Caravaggio's The Calling of St. Matthew.

THE RELUCTANT SAINT THE STORY OF ST. JOSEPH CUPERTINO

This film portrays the life of St. Joseph of Cupertino, the humble Franciscan friar who literally rose to sainthood. In the impoverished village of seventeenth century Cupertino, Italy, Joseph's peasant mother convinces the reluctant abbot to accept her son into the monastery. With the support of the kindly local bishop who sees in him a great deal more than others do, and by a series of miraculous incidents, the simple but pious Joseph is ordained a priest.
