PRAYER TO THE HOLY SPIRIT

Come, Holy Spirit, fill the hearts of your faithful
and kindle in them the fire of your love.
Send forth your Spirit and they shall be created,
and you shall renew the face of the earth.

Let us pray.

O God, who have taught the hearts of the faithful,
by the light of the Holy Spirit,
grant that in the same Spirit we may be truly wise
and ever rejoice in his consolation.
Through Christ our Lord. Amen.

FOREWORD BY JONATHAN ROUMIE

WITNESS

A GUIDED LENT
JOURNAL FOR PRAYER
AND MEDITATION

"This Lent, walk the road to Calvary with those who witnessed the Passion firsthand. Dominican friar and popular Godspaining podcaster Fr. Patrick Mary Briscoe, OP, is your guide on that journey in this daily Lenten devotional. Witness brings you face-to-face with the people of the Bible who encountered Christ in his Passion—saints and sinners, friends and enemies, the faithful and the afraid. From the Good Thief to Pontius Pilate, Martha to Barabbas, these figures reveal the depths of the human heart—flawed, fearful, hopeful, and deeply loved."

HOLY CHILD HEALTH MINISTRY

New members needed; all are welcome!

January came to a close with the loss of a key member of our Parish Health Ministry. **Dotty Welsh** was a vital part of this all-volunteer ministry for a number of years. She helped maintain an inventory of all medical equipment available for loan to those in need. She will be sorely missed by Health Ministry and by all parishioners and community members whose lives she touched.

Well, the snow has been on the ground for a while. The trees are bare. Songbirds are quiet. Punxsutawney Phil has seen his shadow. Maybe the four walls feel like they're closing in! "**Cabin fever**" is common this time of year. Less sunshine & more confinement can lead to depression, sometimes severe.

One of the best ways to combat this malady is **exercise**. You don't have to do jumping jacks or run long distances. There are many different types of exercise for many different types of folks. *Moderate* exercise increases your heart and breathing rates to ~50-70% of their maximum. A simple way to tell if your exercise is *moderate* is the "talk test" — when you can still talk, but you cannot sing.

Exercise will help your mental AND physical health. It will help you sleep better, have a brighter outlook on life, and reduce stress and anxiety. Exercising with friends aids in social interactions and helps keep your mind sharp.

"The family that prays together, stays together."
