HOLY CHILD HEALTH MINISTRY

New members needed; all are welcome!

As Spring is deciding whether to come out of its hibernation or not it is time to take matters into our own hands. Believe it or not playing in dirt is good for your mental, physical and spiritual health. Remember God starts life in a garden. Out of the dirt comes great and beautiful things. It is important to be patient and to look at the wonder of new life and growth. Even those of us who have limited space can enjoy nature. Raised garden beds make it easier for those of us that can't tolerate bending and stooping over for long periods. The raised bed doesn't have to be fancy. It can be large buckets with holes in the bottom for drainage. I have even seen laundry baskets placed on a bench used for raising vegetables or flowers. Put a little spring in your step and encourage new life by making your own garden oasis. And don't forget to stop and smell the flowers and enjoy the fruits of your labors. Be patient, summer will be here soon and then we can complain about the heat.
